

Let's Learn About the National Autism Strategy

- Who is making the strategy?
- What does National Autism Strategy mean?
- How can you help?

Who is making the strategy?

- Governments make rules and laws
- Governments pay for services
- For example: hospitals and schools

- Many different governments in Canada
- Federal Government is biggest government
- They are making the National Autism Strategy

What is a National Autism Strategy?

- Government wants to make a plan to make life better for people in the autism community
- The plan will be called the "National Autism Strategy"
- The plan could have many different things in it

For Example.

- More programs that help autistic kids in school
- Making it easier for families with autistic people afford the things that they need
- Help more autistic people find jobs

How You Can Help

- It is time to decide which things are most important to include
- The government needs your help to decide
- Tell the government what is most important to you

- Share what is important to you with stories and art.
